now - 18 on 8 Rs + 18 on 7 Rs. It is
proposed to convert this into a progressive

higher than what is proposed by
Major Foulkes for the Mysore

7. The proposal is to give 111 ward attendants
a pay of $8 - \frac{2}{3} - 12$ and to increase the pay
of the lascars to Rs 8. Why as
proposed by Major Foulkes the pay should
not be 7-1-10 or perhaps 7- $\frac{1}{2}$ -10 is
not clear. Perhaps this would be enough
and the extra cost could be furthering.

Now the last case has been decided
above them they can therefore look for
promotion to that place and considering
that there are but 3 of them to be filled
the chances of promotion are fair
and there does not appear to be sufficient
reason to raise their pay as proposed
in the case of the others the reason
urged is that because the names
attached to the Brahmin and Lingayat
bands of Rs 8 there should also get it.
This is simply a question of supply and demand.
Again there are other places of Cooks and
Assistant Cooks to which place there
may aspire when promoted. There is
therefore no necessity to give any
increase to them. The Senior Surgeon
may perhaps be asked to drop the two
latter cases & submit proposals
raising the pay of the ward attendants
from 7 Rs to 7 rupees 6 paise (6 annas
in the month) & Re.

The Proposition Statement deals with the following increases :-

(a) Lascars :- Pay of 3 lascars to be raised from 7 to 8 each.

Remarks :- No case for increase is made out as a
Lascar gets only Rs 6 in Madras. (Vide
page 3 of the Madras Rules).

(b) Cooks' mates :- None: Pay to be raised from Rs 6 to 8

Remarks :- No case for increase is made out as
Cooks' mates, native, get Rs 8 or Rs 6
each in Madras, a much costlier place.(c) Ward Attendants :- No 36 : 18 at Rs 8 & 18 at Rs 7 1/2

Instead of a progressive salary there may be grades
as in Madras, promotion being dependent upon vacancies,
merit & seniority. For both the classes, 7, 8, 10 & 12
may do, the number in each grade being specified
in the Madras proposition. This course will provide for
the requisite incentive for good work and prove very beneficial.It is better than 7-1/2-10 proposed by Major Faulkes
for Mysore; but Bangalore is decidedly more costly
and the Victoria Hospital has a traditional importance.

The Dwa's queries in para 30 now require answers which are furnished by the letter of the Medical Officer, Victoria Hospital.

41. His representation amounts to this. The total cost of the V. H. is high as highly paid Assistants are attached to the Hospital such as Lady Civil Surgeon & Specialist for Ear & Diseases. The Medical Officer thinks that the cost can be reduced by replacing these with less costly officers. In view of the specially capable men doctors that run the Hospital, the alternative of the Lady Civil Surgeon being replaced by Lady Apothecary deserves consideration.

42. Incidentally, the Medical Officer brings to

Serial
No.

noties that Lady Apothecaries may be deputed by turns to the V. H. for work & training. This proposal has manifold advantages. It will improve the efficiency of Lady Apothecaries. It will also prevent the unduly long stay at Bangalore of certain Lady doctors. At the same time it will secure the services of a Lady to the female patients, under the general control of expert male doctors.

43. In this connection, the suggestion to post a Lady doctor of the rank of a Civil Surgeon to the charge of the Maternity Hospital at the Kheri Gold Fields is deserving of consideration. The institution is to be started newly. The place is next in importance to Bangalore & Mysore perhaps. It is in contemplation to post Mrs Sanjiva to this institution but she is quite new whereas an experienced & well trained Lady Civil Surgeon is ready to hand.

44. The additional cost involved by the revision approved by the 2nd Comptroller in para 29 will have to be borne in any case but by the arrangement proposed above the undue cost of the Victoria Hospital will be reduced & other advantages of an administrative character, tending to diminish the general welfare will be secured.

The G. Secy. has fully anticipated my own wishes & proposals in this matter & acted as above. The recommendations of the Chief Secy. of the Victoria Hospital, in this connection are very sound & practical. It is not understood that they did not commend themselves to the G. Secy. The new Maternity Hall is to be opened at Khar J. Hall is going to be an important addition to the current work will be left in the charge of the new ^{Secy.} M. Secy. who having been posted to the Victoria Hospital to undergo her training before she can be placed in independent charge of an Institution. The present lady Mat. Secy. has, for about 3 years, not been out of Bangalore, since her appointment. It is high time she was asked ^{to give} the benefit of her vast experience & knowledge to places outside Bangalore. Her removal from the Victoria Hospital would indeed effect a very large saving which can be utilized for other purposes, more beneficial to the Institution.

46 Besides, the system of having both Mat. Secy. & Dispensary in the V. Hospital

46 of reports there & undergo a post-graduate course, as in the case of post-graduate & sub-grad. degrees is a very happy idea & deserves to be introduced at once. In these matters, I cannot but propose, of the chief medical officer of the V. Hospital as the favourable consideration of the Government.

47 I am & as means in form of removing the patients in bar, & have been from the V. Hospital. He must continue to be there.

48 These papers have remained undisposed for some time past on account of our disinclination to add to the total cost of the Victoria Hospital. The papers may be forwarded to the Extraordinary Member of Council for favour of study and any suggestions he may wish to make.

49 My own personal view is that it would not be right to go on increasing expenditure on this institution, except by utilising savings effected in

Serial

other directions.

50 It would no doubt bring credit to the State to have a first class hospital, even better equipped than it is at present, but it would not be prudent in a small State like ours to spend more than a lakh of rupees on one hospital alone.

51 If the Extraordinary Member agrees, the scale proposed by the Second Member of Council in his note dated 12th April 1913 (Vide para 29 of the office notes), which involves a net increase of Rs.30 per mensem, or Rs.360 per annum, may perhaps be sanctioned.

52 If improvements are necessary, (there will always be demand for them), they should be carried out from savings effected in other directions so that the total expenditure may not be exceeded.

consideration. The Lady Assistant ^{Surgeon's} and the Lady Apothecaries that will be posted for duty at the Victoria Hospital by rotation for 2 years will go back to the districts with renewed knowledge, which will tend to maintain a standard of efficiency among the lady medical officers in the State.

55 For reasons stated by the Second Member, and in the interests of service, I think it is advisable to place the Lady Doctor at the Victoria Hospital in charge of the new Maternity Hospital in the Kolar Gold Fields. Even if a Lady Apothecary ^{on} ~~of~~ Rs.150/- is posted in her place, there will be a substantial saving of Rs.250/- per mensem. Deducting the proposed increment of Rs.30/- per mensem to the ward attendants, there will ^{be} a saving of Rs.220/- per mensem or Rs.2640/- per annum. Thus the proposals ^{as regards ward attendants} of the Medical Officer ^{can} be given effect to without incurring additional expenditure.

3. The matter was considered in Council and the Council are of opinion that this revised scale may be sanctioned. As however the cost of the Hospital amounts to nearly a lakh of rupees a year, it is considered inexpedient to sanction any further increase.

SIR,

I have the honor to forward herewith, letter No. 180 dated 12th instant addressed to you by the Senior Surgeon together with a proposition statement in duplicate for giving increases of pay to some members of the permanent establishment of the Victoria Hospital and to state that the Proposition statement has been duly verified by this office. The proposal is to convert the fixed pay of 36 Ward attendants (18 at Rs. 8/- and 18 at 7 each) into progressive salary of Rs. 8/- rising to Rs. 12/- by Triennial increments of Rs. 2/-, and to raise the pay of 2 Cook mates and 3 lascars by Rs. 2/- and 1 each respectively. The financial effect of the proposition is an addition of Rs. 115/- per mensem or Rs. 1380/- per annum to the permanent recurring expenditure of the State. As no proposal has been made for meeting the extra expenditure involved by the proposition ^{it will} ~~the proposition~~ bill if sanctioned have effect from the next official year under the rules.

I have the honor to be,

Letter No.144 dated 4/5-8-1912 from the Medical Officer, Victoria Hospital, Bangalore, to the Senior Surgeon, Mysore Government.

In forwarding enclosed a petition from the Ward Attendants of this Hospital for your favourable consideration, I have the honor to state that there are 22 male and 14 female ward attendants in this Hospital. Of the male attendants, 18 are on a pay of Rs 8/- each and 4 on Rs. 7/- each. All the female attendants are on Rs 7/- each.

2. The duties of these servants are very heavy as compared with the duties of menial servants in other branches of the Service, not to speak of the night duties. (1)

3. An extract from the rules of the General Hospital, Madras, showing the scale of pay drawn by the ward attendants of that hospital, is enclosed for your information.

4. I am of opinion that the prayer of the applicants deserves special consideration and I recommend the following scale of pay:-

For first three years of service	-	Rs 8/- each.
From 4 to 6 years	--do--	- 10/- each.
From 7 and upwards	-	12/- each.

5. The duties of 3 Lascars, who are on Rs. 7/- each, and of 2 Maties attached to the kitchens for Europeans and general Natives in this Hospital are equally heavy and therefore recommend an increment as, from Rs 7/- to Rs 8/- to Lascars, and from Rs. 6/- to Rs 8/- to the above two Maties as the Maties attached to the kitchens for Brahmins and Lingayets in this Hospital draw a pay of Rs 7/- each.

6. If the proposal is approved a proposition statement will be submitted.

Sir,

In reply to your No. 9358/Med. 9-12-10 dated 26th May 1913, I have the honor to forward the enclosed copies of letters Nos. 4 and 70 dated the 1st and 16th July 1913 respectively, and to state that neither of the proposals made by the Medical Officer, Victoria Hospital, seems to me to have any bearing on the subject.

2. It strikes me that either the Government will have to increase the budget grant for the menial establishment of the Victoria Hospital as prayed for, or order that no increase of the establishment could be sanctioned.

I have the honor to be,

Sir,

Your most obedient servant,

P. S. Achyuta Rao

Senior Surgeon, Mysore Government.

Enc. to med. file 9-12-80

Letter No. 4 dated 1st July 1913 from the Medical Officer, Victoria Hospital, Bangalore, to the Senior Surgeon, Mysore Government.

With reference to your No. 5421 dated 2-6-1913 forwarding copy of letter No. 9358/Med. 9-12-10 dated 26-5-1913 from the Secretary to Government, General and Revenue Depts., and asking me to show savings in the expenses of the Victoria Hospital to meet the extra pay proposed by me in my report No. 144 dated 4/5-8-1912, for the menial staff, amounting to Rs 133-0-0 a month, I have the honor to propose the posting of Lady Assistant Surgeons and Lady Apothecaries for a period of two years in rotation in place of the Lady Medical Officer borne on the permanent staff of the hospital on a salary of Rs 400/- for the past seven years.

2. Sub Assistant Surgeons are allowed a course of two years' post graduate training in this hospital in rotation and male Assistant ^{1 1/2 yrs} Surgeons are allowed post graduate training for 12 months in the Victoria Hospital, for 3 months in the Ophthalmic Hospital, and for 3 months in the Maternity Hospital, Bangalore.

3. Lady Assistant Surgeons and Lady Apothecaries have had no post graduate course of training; if they are posted in rotation to this Hospital for a post graduate course for a period of two years in place of the present Lady Medical Officer, a saving of Rs 300/- to 250/- a month in the charges for the establishment could be effected and from this saving the extra expenditure proposed by me for the revision of pay of the menial establishment of the Victoria Hospital may be met. My proposal of posting Lady Apothecaries and Lady Assistant Surgeons for post graduate training can be worked with advantage both to the Lady Medical Officers and this Hospital.

Pay of the Lady Medl Officer on the permanent staff -	Rs 400
Pay of Lady Apothecary	Rs 75 to 150
Saving anticipated	Rs 325 to 250

Letter No. 70 dated 16-7-1913 from the same officer, to the Senior Surgeon, Mysore Government.

In continuation of this office No. 4 dated 1-7-1913 regarding my proposal to post Lady Assistant Surgeons and Lady Apothecaries in rotation for duty in this hospital for a post graduate training for two years in place of the Lady Medical Officer, to show a saving in the expenditure of the hospital to meet the extra pay recommended by me for the menial staff, and with reference to your No. 238 dated 14-7-13, stating that my proposal does not commend itself to you and asking me to suggest some other source of feasible retrenchment, I have the honor to report that an Assistant Surgeon on Rs 200/- or 250/- who has had a special course of instruction in throat, nose and ear diseases in place of the Specialist on Rs 525/- at present will reduce the expenditure of the hospital by about 300 rupees a month.

Sir,

With reference to your docket No. 3173-Med. 9-12-12 dated 21-10-1914, I have the honor to forward herewith copy of letter No. 591 dated 9-11-1914 from the Medical Officer in charge of the Victoria Hospital, suggesting how a saving of Rs 250/- a month can be effected in the budgetted allotment of that Institution, for meeting the extra cost involved in sanctioning increased rates of pay to the menial establishment of the Hospital.

2. I may add that a reduction in the allowance attached to the post of the Resident Medical Officer of the Hospital to make it equal to the allowance of the Resident Medical Officer of the General Hospital, Mysore, (which reduction, however, is not possible till the present incumbent holds the post) will result in a further saving of Rs 150/- per mensem, making a total saving of Rs 400/- per mensem or Rs 4800/- a year.

With reference to your No. 2074 dated 24-10-1914, I have the honor to propose that as a senior Lady Apothecary is now posted to this institution in your No. 2207-09 dated 31-10-1914, the services of the Lady Medical Officer Miss Ayacheammaul may, advantageously be utilised elsewhere. The Lady Medical Officer at present attends only to female out-patients for three hours every morning. The senior Lady Apothecary will be quite competent to do this work. There will be a saving of Rs 250/- per month under the pay of Lady Medical Officer in the current year's budget to be appropriated to meet the increase of pay proposed for the ward attendants etc.,
